## **CONDITIONS OF SALE**

1. These Conditions together with those set out in the Notice to Purchasers appearing in this catalogue are the only terms and conditions subject to which Henry Butcher International Limited ("the Auctioneer") as agent for the Vendor will sell goods to a purchaser ("the Bidder") and all other conditions, whether express, or implied at common law or by statute as are capable of lawful exclusion are hereby excluded.
2. The Auctioneer may at its discretion or upon the instruction of the Vendor:
  - (a) Alter or withdraw all or any lots referred to in this auction catalogue up to the moment at which the hammer falls in relation to such lot(s).
  - (b) Where a reserve has been placed on any lot, withdraw that lot in the event that the highest bid price does not meet the reserve.
  - (c) Where two or more consecutive lots are similar in quantity and description offer a choice on any subsequent lots to the bidder at the same price.
  - (d) Bid for any lot or lots offered for sale at the Auction.
3. Each lot shall be sold to the highest bidder and in the event of any dispute arising between bidders such dispute shall be dealt with in such manner as the Auctioneer may in its absolute discretion determine.
4. Bidding shall be regulated by the Auctioneer in such manner as it may think fit and, without prejudice to the generality of the foregoing the Auctioneer may without ascribing any reason therefore, refuse to accept any bid or may itself bid for the lot in question on behalf of any third party.
5. The Bidder will pay to the Auctioneer a premium of 13½% on the "Hammer Price" to which will be added Value Added Tax ("VAT") at the current rate. The premium is not negotiable and is payable by all purchasers. The Auctioneer, when acting as agent for the Vendor, may also receive commission from the Vendor.
6.
  - (a) Immediately following the fall of the hammer the Bidder may be required to pay the Auctioneer in cash or in whatever form the Auctioneer may agree 25 per cent of the price of each lot which it has purchased and will supply the Auctioneer with whatever information the latter may require concerning the identity and place of abode/incorporation/centre of main business interest of the Bidder. Deposits paid hereunder shall be held by the Auctioneer as general deposit for all lots purchased by the Bidder at the sale;
  - (b) The balance of purchase monies due will be paid to the Auctioneer on or before the date specified in the Notice to Purchasers.
  - (c) All lots will be cleared by the Bidder from the premises at which they are sold (subject to the conditions set out in Paragraph 7 hereof) not later than the time and date specified in the Notice to Purchasers and this condition shall be of the essence of the contract.
  - (d) Should the Bidder fail to comply with any of the foregoing requirements the lot or lots which have been knocked down to him or any part thereof may be re-offered for sale, destroyed or otherwise disposed of by the Auctioneer in any manner as it shall in its absolute discretion deem fit, and any deposits paid shall be forfeit;
  - (e) Without prejudice to any claims that the Auctioneer and/or the Vendor may have against the Bidder for breach of contract or otherwise the Bidder will become liable from the expiration of the time referred to in Paragraph 6(c) hereof for all storage, security and administration expenses and the cost of and incidental to re-selling and/or otherwise disposing of uncleared items.
7.
  - (a) The Bidder will only remove lots from the Vendor's premises by previous arrangement with, and subject to the supervision of, the Auctioneer or its appointed representative(s);
  - (b) The Bidder will not be permitted to remove any lots it has purchased from the Vendor's premises until all sums due in respect thereof have been paid;
  - (c) If, in the Auctioneer's opinion, removal of any lot or part thereof will be likely to cause serious damage to the Vendor's premises, or any other damage which the Bidder is either unable or unwilling to rectify, the Auctioneer may by notice to the Bidder rescind the sale of such lot or permit the removal thereof from the premises to proceed subject to such conditions as it may think fit to impose pursuant to Paragraph 8 hereof;
  - (d) Should any party claim possession of or title to all or part of a lot prior to its removal from the Vendor's premises, the Auctioneer reserves the right to rescind the sale thereof or to permit the removal thereof from the Vendor's premises subject to such conditions as it may see fit to impose.
8. The Bidder will be responsible for all damage that it, its carriers or its agents may do to the property of any third party (and in particular, to the Vendor's premises) in removing the lot(s) it has purchased. Should the Auctioneer consider such damage likely to occur, it may require the Bidder to deposit such sum of money with the Auctioneer, by way of security for the costs of reinstating that part of the premises likely to be damaged by the removal of a lot, as the Auctioneer may require. Should the Bidder refuse to deposit such monies, the Auctioneer may refuse the Bidder access to the Vendor's premises for the purpose of collecting all or any of the lots it has purchased, or rescind the sale of such lot pursuant to Clause 7(c) above.
9.
  - (a) The Bidder is on risk once the hammer falls and is strongly advised to effect insurance at once. Upon the fall of the hammer the Bidder shall assume all risks in and relating to such lots. The Bidder is advised to effect in respect of all such risks arising thereafter any insurance it may consider necessary. The duty of the Auctioneer and/or the Vendor to deliver lots shall be deemed performed upon the fall of the hammer even if a lot is subsequently damaged and/or part thereof has been lost.
  - (b) Property in each lot shall not pass to the Bidder until (i) full payment therefore has been made or (where payment or part payment is made by cheque) until the cheque(s) in question have been cleared and (ii) each such lot has been removed from the premises in its entirety.
10. The Vendor and the Auctioneer shall not be liable in respect of any claim whether in contract or in tort (other than claims in respect of injury to persons arising out of the negligence of the Vendor or Auctioneer) by the Bidder arising out of or in, any way

in connection with the sale or purported sale of all or any of the goods for any sum exceeding the amount of the deposit or purchase price (as the case may be) paid by the Bidder in respect of the goods which are the subject of the claim.

11. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. The Auctioneer has used its reasonable endeavours to ensure that the description of each lot(s) appearing in this catalogue are accurate, but the Bidder relies upon such description at its own risk. Bidders should satisfy themselves prior to the sale as to the condition of the lot and should exercise and rely on their judgment as to whether the lot accords with its description. No lots sold in this catalogue are sold as new. Subject to the obligations accepted by the Auctioneer under these conditions of sale neither the Vendor, the Auctioneer or its servants or agents is responsible for errors of description or for the genuineness or authenticity of any lot and no warranty whatever is given by the Auctioneer, its servants or agents or the Vendor to the Bidder in respect of any lot and any express or implied conditions or warranties are hereby excluded.
12. The price at which the Bidder purchases each lot will be exclusive of the premium (payable under clause 5) and VAT. Where the Bidder intends any lot to be exported outside the UK a refund of VAT will (subject to what-ever regulations made from time to time may be in force) be available upon the production by the Bidder of such proof of the export as the Auctioneer may require.
13. The Vendor and the Auctioneer hereby severally exclude liability for any accident or injury, howsoever arising, sustained by any person or persons who may attend at the premises for the purpose of the auction, inspection, purchase, collection or any other business.
14. Certain lots have been included on behalf of other clients in this sale by kind permission of the Vendor.
15. Delivery of lot(s) purchased by the Bidder (which shall be at the sole expense of the Bidder) may not be required by him outside normal business hours and is to be made within a reasonable time following payment in full. In determining what is a reasonable time just allowance shall be made for all relevant contingencies which may arise otherwise than by the negligence of the Vendor or the Auctioneer, and in particular, but without prejudice to the generality of the foregoing, for any suspension or failure of material services, civil commotion, strike or other industrial action, or other impediment to normal delivery outside the control of the Vendor or the Auctioneer. Neither the Vendor nor the Auctioneer shall be required to incur any expense towards overcoming such impediment unless indemnified there from and put in funds to meet such expense by the Bidder. The Auctioneer shall not be obliged to take any legal proceedings for the removal of any such aforesaid impediment to delivery of lot(s) which might in its own judgement exacerbate the matter or be detrimental to its own reputation or goodwill.
16. It is expressly brought to the Bidder's attention that, at the time of sale, any item of plant, machinery or equipment contained in the lot(s) may not necessarily comply with the Health and Safety at Work Etc. Act 1974, Environmental Protection Act 1990 or any other Act or Acts or Regulations there under governing the use of that plant, machinery or equipment in a working environment. Successful Bidders for any such plant, machinery or equipment are hereby required to ensure that the use of any such plant and equipment at a place of work within the United Kingdom does not contravene such relevant Act or Regulation there under applicable thereto.
17. It is expressly brought to the Bidder's attentions that certain types of plant or main service installations could contain blue or white asbestos, dangerous chemicals, etc. which if not handled correctly during their removal from the site could be in breach of the Health and Safety at Work Etc. Act 1974 Section 2-9 and Control of Substances Hazardous to Health Regulations 1988 (COSHH) or any other current legislations covering the use of such substances in a working environment.
18. The Bidder must comply with all current legislations and regulations in relation to the removal/disposal of waste including hazardous waste and may be required to satisfy the Auctioneer in relation to their disposal/removal procedures. Where waste materials are removed all work must be undertaken by an approved and licensed contractor.
19. Where the Bidder loads any item of plant, machinery or equipment contained in a lot or lots to remove it from the site, the Auctioneer shall be under no liability whatsoever to the Bidder or any third party for any damage however so caused by the removal and the Bidder shall be responsible for and indemnify the Auctioneer against any damage or loss which the Auctioneer may suffer or incur in respect of loss, damage or injury suffered by the Bidder's employees or any third party arising from the removal of the plant, machinery or equipment. The Bidder shall indemnify the Auctioneer against any loss damage suffered by the Auctioneer which directly or indirectly is attributable to the nature of the plant, equipment or machinery acquired by the Bidder whether through breakage rust decay, desiccation, leakage wastage, inherent or latent defect or vice or nature deterioration.
20. The Bidder acknowledges that any software or intellectual property rights attaching to a lot or lots may not be the property of the Vendor or capable of transfer by the Vendor and that neither the Vendor nor the Auctioneer is in any way authorising the use by the Bidder of such software or intellectual property rights and that according any use of such software or exploitation of such intellectual property rights shall be at the Bidder's sole risk.
21. These Terms shall be governed by and construed in accordance with the laws of England and any disputes will be decided only by the English courts.

**The premises will be open 8:30am to 4:00pm Monday to Friday.**

### **Health & Safety**

Depending on the size of the removal programme, it may be that certain projects will come under the Health & Safety Executive (HSE) assuming the role of the client under Construction, Design, and Management Regulations 1994 (CDM). This will be where walls, roofs, or major structural movement may take place. Any plant movement involving more than a "Lift & Shift" situation needs to be referred to Henry Butcher International Health & Safety Officer before a "Permit to Work" is issued.

Clearance of all Lots must be undertaken in accordance with current Health and Safety at Work Regulations and, where necessary, Construction, Design, & Management Regulations 1994 (CDM). You may have to provide a "Work Method Statement" and "Risk Assessment" approved by a Henry Butcher Health and Safety Officer via the site supervisor, prior to the removal of any Lots. Henry Butcher reserve the right to halt clearance if they feel in their opinion, it is being carried out in an unsafe manner or without an approved "Method statement" and "Risk assessment", as stated.

### **Disconnection/ Oil / Liquid Removal**

Electrical disconnections from the MAINS supply are the responsibility of the purchaser, unless stated otherwise, and **MUST** be carried out by an Approved Electrician.

Any fluids remaining in the machine at the time of purchase are the responsibility of the purchaser and **MUST** be removed from site to conform with **"COSHH"** (Control of Substances Hazardous to Health) regulations.

12. Buyers Choice Where similar lots are indicated in the catalogue the Auctioneer may offer Buyers Choice. This allows the successful bidder to choose which (or all) lots in a given run they would like on a per lot basis taken either in or out of sequence.
13. Transfer of Lots The Auctioneer will only accept payment from and permit removal of lots purchased by the Purchaser successfully bidding at the sale or its agent acting for the purchaser.
14. Value Added Tax Purchasers will be charged Value Added Tax at the current rates on the amount of their purchases and the buyers premium.
15. Recording Please note this sale is recorded and we reserve the right to use the recordings to assist with resolving disputes or legal issues as appropriate.
16. Conditions of sale The attention of Purchasers is drawn to the Conditions of Sale included in this Catalogue
17. Motor Vehicles **Purchasers must satisfy themselves and make their own arrangements to ensure that any vehicles purchased comply with the 1991 Road Traffic Act as well as any current Road Traffic Legislation. All purchasers will sign an indemnity form prior to removal and Henry Butcher make no claim or warranty as to the roadworthiness of any vehicle.**

Recorded mileage's are only given for information purposes and must not be relied upon as indicating the actual mileage run by any vehicle.

Unless prior arrangements are made with the auctioneers a deposit, the greater of £250 or 10% of the bid price will be required from the purchaser at the fall of the hammer.

No vehicles can be collected until the auctioneers receive cleared funds in full.

18. Purchase of  
through a  
Finance Company

The Auctioneers draw to the attention of buyers contemplating purchasing goods through a finance company that arrangements should be made well in advance of the Sale so they may make payment in accordance with the Conditions of Sale.

19. Indivisible Loads

Successful Purchasers must obtain the necessary permission (i.e. Police, Ministry of Transport, Local Authority) to transport off site loads (long/wide loads) within sufficient time prior to the commencement of clearance of those items, in order to comply with the clearance period as stated in the Notice to Purchasers.

- 3) Full details of their National Bank and their UK corresponding bank.
- 4) Details from their bank confirming method of payment etc.

Please also ensure that:

- 5) Your country, or the country to which the items are destined, holds no import restrictions on the goods that you wish to purchase.
- 6) The country has no import licence restrictions or a restriction on currency allocation.
- 7) The country has no prolonged inspection procedure which might cause excessive delay in allowing your goods to be imported.
- 8) You receive a fully-descriptive invoice in order that you may arrange payment as soon as possible with our bank. Barclays Bank Plc, Barclays Bank Business Centre, Hatton Garden, 99 Hatton Garden, London EC1N 8DN.
- 9) You employ a reputable freight forwarding organisation. Please note that many of the machinery removal companies in this country are not necessarily freight forwarders. We will be pleased to advise accordingly.
- 10) You have read the Conditions of Sale

21. Please Note:

a) We cannot allow removal of any Lot from the Auction Site until our Accounts Department has received notification from our bankers a) that your payment has been properly cleared in full. Monies must be transferred to ourselves within the time stated in the "Notice to a) Purchasers" on the preceding page.

b) If there are any special arrangements that you wish to make with us, you must contact us at least three days before the Sale date.

c) VAT PAYMENT AND RETURNS

Non EEC Purchasers:

All non EEC Purchasers will be charged VAT at the current rate on each Lot purchased. This will be refunded to you as soon as we receive a copy of the bill of lading as proof of export. We are unable to refund the VAT on the Buyers Premium

EEC Registered Companies:

Non United Kingdom based companies registered in the European Economic Community are exempt from VAT except on the Buyers Premium element, subject to receipt of the following information:

- i. Company name and address.

- ii. Telephone / Fax Number
- iii. Contact Name / Position
- iv. VAT Number
- v. The number allocated to you for intra-EC trade (where applicable)
- vi. A letter of assurance from a freight forwarder confirming that they will provide satisfactory documentation proving export.

The above information must be supplied in writing to our office: Brownlow House, 50-51 High Holborn, London WC1V 6EG. For the attention of Miss Vicky Thomas on your official Company notepaper and signed by the contact name quoted.

**FAILURE TO CONFORM TO ALL OF THE ABOVE WILL RESULT IN VAT BEING LEVIED AND REFUNDS ONLY BEING MADE UPON RECEIPT OF SATISFACTORY EXPORT DOCUMENTATION.**

If you intend to export your purchases using your own transport (either by Sea or Air) then VAT will be levied and refunded upon receipt of satisfactory documentation.

**Henry Butcher reserve the right to refuse to accept the bid of any attendee should they be unable to satisfy Henry Butcher on any of the above.**

- **Catering facilities and free car parking will be provided**

**Remember that this auction takes place on an operational pharmaceutical manufacturing site and in the interest of your safety and our security, your cooperation is appreciated.**

## **Escorted viewing of lots**

Certain lots are located in areas of the plant, which cannot be opened to the public for safety or security reasons. If you would like to view lots in these areas, please go to the "Escorted Viewing Desk" located on the main auction floor adjacent to the accounts room. A GSK marshall will accompany you to view the specific items you wish to see. Note: the marshall will not be permitted to give you technical or commercial information relating to the lots, which are viewed.

## **FREE vehicle loading service**

For all lots, which are too heavy or bulky to be loaded by hand into purchasers' vehicles, GSK will provide a FREE load-to-transport service. Lots where this service is included are marked with an asterisk (\*) in the catalogue. It will be necessary to "book" this service through Henry Butcher PRIOR to collecting the lot(s) involved. GSK reserve the right to refuse to load vehicles, which arrive without prior booking or are in their opinion unsuitable to receive the load.
